product features

- 96 brightness with a brilliant true-white shade
- Excellent opacity for minimal show-through
- Smooth, uniform surface for better resolution
- Consistent runnability on press
- Digital sizes available in the Lynx Digital product line
- Available in press ready skids with maximum height of 45"

common uses

- Brochures
- Direct Mail
- Posters

product benefits

- Value alternative to coated sheets
- Ability to mix and match finishes within the Lynx Opaque Ultra brand
- Mini press ready skids with a maximum skid height of 45" for improved printing cost efficiencies
- Available next day through our superior service profile

electronic imaging guarantee

All Lynx Opaque Ultra Smooth cut-size items, in mill finished sizes, are guaranteed to perform on laser printers, desktop inkjet printers and copiers. Eighteen-inch rolls in smooth finish (50 lb. and heavier) are guaranteed to perform in laser and preprint offset applications. The guarantee is subject to the guidelines of the Original Equipment Manufacturer and the Domtar Electronic Imaging Guarantee.

(For a full list of guarantees, see the Lynx Digital Product Specification Sheet.)

environmental characteristics

- Available with 10% PCW for make orders only
- FSC[®] certified
- Member of Domtar EarthChoice[®] family of products
- SFI Fiber Sourcing Certified
- Made with Elemental Chlorine Free (ECF) virgin fiber content
- Manufactured under alkaline (acid-free) conditions for increased longevity and performance
